First Assistant Postmaster General Francis H. Denying that he came South as President Roosevelt's emissary to search for Republican conspirators, he wenth right on and made signs like a man who got the Teddy grip wherever he went.

HOME FOR CHILDREN

Library of Congress

Generous Offer of Mr. James Sprunt Accepted By Committee in Charge.

CHARITY NOW ASSURED

Murchison Cottage, Already Furnished, Placed at Disposal of Those Behind the Movement—Meeting of Those Interested.

The untiring efforts of the Rev. R. W. Hogue, rector of St. James' parish, and his associates on the committee appointed last season to provide a seaside home for the sick and needy children of the city who have not the advantages of the more fortunate little ones of Wilmington parents, found unexpected and most pleasing fruition ...eeting of the committee last night in the Mayor's office at the City Hall, in a most generous offer from Mr. James Sprunt, placing at the disposal of those interested in the movement the free use of the commodious and well furnished Murchison cottage, on Wrightsville Beach, during the Summer of 1907, for the most worthy purposes for which the committee has labored so persistently and very often without the least encouragement. The cottage property is now being repaired by Mr. Sprunt at a cost of several hundred dollars, these repairs being made necessary by the ravages of the late October storm, but immediately this work is completed, the property will be available.

The meeting last night was called to order by Mr. H. W. Malloy, chairman of the committee. The attendance was not so large as might have been expected on account of some confusion as to the hour of meeting and the several counter attractions in the city, notably the large reception by the North Carolina Sorosis in the Masonic Temple. There were present also several others not members of the committee. After several propositions for the sale of cottages to the committee had been read and considered, a letter from Mr. Sprunt was read tendering free use of the Murchison cottage, and intimating that once the success of the charity is demonstrated, there would be no trouble in establishing it as a permanency in the community, the offer being in the present instance only for the Summer of the present year. Upon motion, the generous offer of Mr. Sprunt was accepted and the chairman of the committee was instructed to convey to the donor the thanks of those interested in the movement.

The following Board of Managers for the Summer of 1907 was named: Dr. Joseph Akerman, Dr. E. J. Wood, Dr. C. P. Bolles, Mr. M. W. Jacobi and Mr. A. S. Root. The cottage will probably be open for the occupancy of sick and needy children on or about the first of June and will be under the management and control of the Board named above. The committee decided to expend of the fund already paid into the treasury such an amount as will be necessary for the maintenance of the Home during the present season. The Board of Managers will prescribe the rules and regulations governing entrance to the Home, but these will be made as liberal as possible and only worthy cases will be responded to.

Should the need of the Home be demonstrated this Summer, the committee has every assurance that it will be continued as a permanency. The property tendered by Mr. Sprunt is most eligibly located and is well adapted to the purposes for which it will be used. It is on the southern end of the beach, adjoining the beach property of the King's Daughters, where the Shelter of the Silver Cross was formerly maintained for adults.

The company will produce two plays each week, all new, and with a change of scenic investiture, so that the engagement will never drag. The plays will each be changed after a run of three nights with big Saturday matinees for the ladies and children. This arrangement should meet with the universal favor of the people and the Spring season should be a notable one at the Academy. BRIDE-ELECT STRICKEN

Beautiful Girl Travelled From Far-Away Minnesota to Wed Young Lover Drowned Three Days Before Her Arrival.

(By Associated Press.)

Raleigh, N. C., March 25.—Beautiful Miss Thelma Lindgven, of 64 Central Terrace, St. Paul, Minn., nineteen years old, who has since Tuesday been on her way to Raleigh, where on Saturday she was to have become the bride of Capt. Hans Thorson, arrived here late this afternoon and not until she was in the hotel did she learn of her intended husband's death by drowning at Buckhorn Falls, on Tuesday, when with three others, he was swept over the falls in a scow.

When told of the accident by parties here she collapsed utterly Telegrams sent had failed to catch her. The bodies of the men are as yet not found. The young woman will remain here several days.

The drowning of the four men took place on the Cape Fear river some distance above Fayetteville. Capt. Thorson and four other men were on a flat, and in attempting to push it off from the bank, the craft got beyond their control and they were all swept over the Falls and drowned immediately. The saddest part of the tragedy was enacted here today when the young woman collapsed at the news she received.

MRS. FRANCES PATE DEAD.

Widow of Well-Known Citizen and Sister of Civil War Hero.

Mrs. Frances Pate, widow of the late S. W. Pate and a brother of the lamented John William Anderson for whom Fort Anderson, at the mouth of the Cape Fear river, is said to have been named, passed away yesterday afternoon at 2 o'clock at the family home, corner of Sixth and Bladen streets. She was 56 years old and had been in poor health for three months or more. While her death was not altogether unexpected, it came as a shock to her family and friends. She had lived in Wilmington nearly all of her life with the exception of a while in Wayne county, removing back to this city several months ago. She was a devout Christian woman and was held in the highest esteem by all in the circle of her acquaintance. She leaves to mourn her loss two sons, Messrs. W. H. Barden and A. M. Pate, and one sister, Mrs. J. A. Barnes, all of Wilmington; also three grandchildren, Master Walter L. Barnes, little Miss Carrie Taylor and little Miss Lou Barden. All the bereaved ones have the sympathy of many friends. The funeral of Mrs. Pate will be conducted this afternoon at 4 o'clock from Fifth Street M. E. Church and the interment will be in Bellevue cemetery.

It is related of the brother of Mrs. Pate, Mr. J. W. Anderson, that he ran the blockade to Wilmington during the Civil war and that on a trip in from Nassau he was stricken with yellow fever. As the blockade runner approached the bar, with no other experienced navigator on board and while death was upon him, Mr. Anderson arose and struggled to the pilot house, bringing the vessel in safely over the bar, but dying a few minutes after the port of Smithville was reached, with his hand still on the wheel. Early writings pronounce him one of the heroes of the war and Fort Anderson was named for him.

The Damage to Truck Crops.

Dr. J. A. McNeill, of Vineland, was in the city yesterday. He estimates the damage to truck crops by the recent unseasonable cold at about one-half. Vineland is in the Columbus county trucking section. Mr. R. E. Batts, of Ashton, Pender county, was also here yesterday. He thinks that the crop of vegetables and berries this year will be about one-half or two-thirds of what they were last season.

A VALUABLE REPORT

Result of Recent Investigation Here By a Board of Expert Engineers

COPY RECEIVED BY MAYOR

Exhaustive Treatise on The Fire Risk of Wilmington, With Conclusions, Recommendations and Suggestions—Interestng Paper.

Mayor A. M. Waddell has received from Mr. W. E. Mallalieu, assistant to the general agent of the National Board of Fire Underwriters, New York City, a copy of the report of Mr. F. A. Raymond and corps of engineers who recently spent some time in Wilmington making a compilation of the fire risk of the city under the auspices of the National Board. The report is compiled at great expense and is in printed form of more than twenty large pages with a conflagration map of the municipality, the whole making a valuable paper for preservation by the city authorities. Mayor Waddell is writing for other copies, kindly offered, which will be furnished to all heads of departments in the local government.

The investigation in Wilmington was made during February and March of this year, the party including Mr. Raymond, Fire Department Engineer in Charge; one hydraulic, two structural and one assistant engineer. The subjects treated are the water supply, fire department, alarm system, department auxiliaries, building department, explosive and inflammable control, electricity regulations, congested value district, conflagration hazard, with conclusions and recommendations under each head. The city's population is estimated at 32,000 and a general summary of civic conditions are given in an introductory of some length

Much space is given in the report to the Fire Department which is found in very satisfactory condition and comparing favorably with cities of much larger size. It is estimated that at least 80 per cent. of fires occurring are extinguished by means of the chemical engine. It is stated that the department is limited in chemical apparatus and apparatus for handling serious fires. Since the establishment of the paid department, loss from water damage has decreased, due to the introduction of modern methods of handling fires; this by the use of shut-off nozzles fighting from the inside largely. A significant paragraph of the report is as follows:

"The department is under satisfactory management, but the practice of electing the members and officers for short terms is not conducive to good discipline and efficiency. Methods of appointments are good. The companies are slightly undermanned. No companies are located in the congested value district; otherwise they are well located."

The engines are said to be not sufficient and improvement in this direction is recommended. In view of the high values near the water front, it is urged that the fire boat be equipped with a powerful modern pump. The discipline in the department is reported excellent but drills are lacking. Recent additions have improved considerably the apparatus force. Much space is given to the fire alarm system which is declared to be good but lacking in the necessary apparatus. The management is first class. The system should be properly equipped and maintained. It is suggested that the police patrol wagon be supplied with fire lines and that the patrol be sent to alarms of consequence. The Consolidated Railways, Light & Power Company, the public service corporation, maintains no trouble wagon and sends no men to fires.

The fire waste law is in force as to buildings and the provisions and applications of this are given in the report with the conclusion that neither this nor the city ordinances provide requirements that cover many matters of vital importance from the standpoint of fire protection; they are of considerable value as covering the general stability of buildings and contain several good requirements as to wall thickness, etc., but do not provide for limitations of height and area, protection to outside openings, modern types of construction and others of less moment. The fire limits are reported small and fail to include sufficient territory around the congested value district.

Under the head of explosives and inflammables the conclusions are that the supervision of electrical wiring is fairly well performed by a deputy of the building inspector, but he is also superintendent of the electrical department of the street railway and lighting department and does not devote his entire time to the municipal work. Overhead electric wire obstructions are reported serious in several locations.

The report as a whole covers all the elements entering into the fire risk of the city and while the requirements are very strict, there are no doubt many valuable suggestions in the showing made.

ANNIVERSARY TO-NIGHT

Elaborate Exercises By Wilmington Lodges of Odd Fellows in Academy of Music—Hon. Hill Montague the Oorator.

The arrangements for the celebration of the anniversary of the founding of the Independent Order of Odd Fellows in the United States by the four Wilmington lodges have been completed and the exercises tonight in the Academy of Music will be of an altogether appropriate and pleasing nature. The public is cordially invited. As previously announced, the Hon. Hill Montague, of Richmond, Va., will be the orator of the occasion, and something exceptionally good may be expected in his address, for he is not only prominent in the organization which he will represent on this occasion, but he is an eloquent speaker, and a gentleman of fine presence. He will arrive in the city this morning and will be a guest of Past Grand Master Marcus W. Jacobi. The exercises will begin promptly at 8:30 o'clock.

The exercises will consist of the ritualistic order of exercises, the address by Mr. Montague and a number of selections by a male and a female quartette, mixed and double mixed. Mr. J. W. Fleet had charge of this feature of the arrangement and he has been remarkably successful. The opening number will be a double mixed quarette, "Ye That Stand," by Mrs. J. D. Edwards and Miss Nellie King, sopranos; Mrs. F. A. Muse and Mrs. Greene Fenley, altoes; Messrs. Greene Fenley and W. L. Williford, tenors; Messrs. A. S. Holden and W. B. Muse, bassos. Prayer will be offerd by Rev. Kenneth D. Holmes, pastor of Fifth Street M. E. Church, who has been selected as chaplain of the exercises. A female quartette composed of Miss King, Mrs. Edwards, Mrs. Fenley and Mrs. Muse, will next render "Welcome Pretty Primrose," and Mr. E. N. Penny will read the proclamation, a part of the ritual founding the anniversary celebration. "Oh, Not My Own, These Verdant Hills" will be rendered by a mixed quartette, composed of Mrs. Edwards, Mrs. Muse, Mr. Fenley and Mr. Muse, and the anniversary ceremony will then take place by the lodges assembled.

This over, "The Bridge" will be sung by the Acme Male Quartette, composed of Messrs. W. R. Dosher, A. L. Dosher, W. A. McGirt and W. B. Muse The orator will be introduced by Rev. A. D. McClure, D. D., and the address of Mr. Montague will follow.

A duet "Dost Remember" will be sung by Mrs. Edwards and Mr. A. S. Holden after which Mrs. North will favor the audience with a recitation or reading. The double mixed quartette will next sing "The Gallant Troubadour," and the benediction will be pronounced by Mr. Holmes, the chaplain. The accompaniments for the musical selections will be by Mr. Alf H. Yopp.

The stage settings for the occasion will be very pretty and the Odd Fellows would be pleased to have all their friends present, ladies as well as gentlemen.

"TO BUCK THE MILK TRUST."

Proprietor of The Orton Buys Land and Establishes Private Dairy.

The first organized opposition to what some of the consumers, at least, choose to call the "milk trust" is in the case of Messrs. Jos. H. and Edgar L. Hinton, proprietors of The Orton, who have purchased 10 acres of the fine Sans Souci farm, to the east of the city, and have established thereon a private dairy from which The Orton in this city and the Seashore Hotel, on Wrightsville Beach, will be supplied with the lacteal fluid. The Messrs. Hinton have purchased at first six fine Jersey cows and will add to the herd from time to time as the establishment of the dairy is made permanent. They will not produce an ounce of the milk for sale, but will supply their hotels with all of their milk for table and cooking purposes. These hotels are the largest consumers possibly in Wilmington, and Mr. Hinton said yesterday that the management simply could not afford to pay 12 1-2 cents or thereabouts for the supply when it could be produced cheaper. The establishment of the private dairy was the result of being unable to supply the demand elsewhere, as practically all the dairies have gone into the alleged agreement to maintain prices at the schedule previously published in the newspapers.

The smaller dealers and consumers are paying 12 1-2 cents for their milk and are not so fortunately situated as the Messrs. Hinton, though there is a reported movement among a number to establish a co-operative dairy. The stock, it is said, has been subscribed several times over and if a location can be secured, it is thought the dairy will be established on a co-operative basis.

CARNEGIE'S CHECK FOR $1,000.

Philanthropist Aids Home for Needy Confederate Women.

Richmond, Va., April 25.—A check for $1,000 was received in Richmond today from Andrew Carnegie for the Home for Needy Confederate Women here. No conditions are attached to the gift, which comes in a personal letter to Miss Mary Custis Lee, who is at the head of the home board of managers, and who met Mr. Carnegie in Florida last season. It is said to be the first contribution made by Mr. Carnegie or any of his assistants to the Confederate institution.

CONVENTION ENDED

State Federation of Women's Clubs Meets Next Year at Greensboro, N. C.,

MISS. GIBSON IS PRESIDENT

Annual Election of Officers and Reports From Many Departments Features of Closing Day's Session—Harbor Trip.

With the election of officers for the ensuing fiscal year, the passage of very cordial resolutions touching the entertainment of the visitors while in Wilmington, a trip down the river on the steamer Wilmington, which was kindly placed at the disposition of the ladies by Capt. John W. Harper, the owner and master, and an elegant reception last night in the Masonic Temple ball room, the fifth annual convention of the North Carolina State Federation of Women's Clubs, which has been in session in this city since Tuesday afternoon, came to a close. It was pronounced by the ladies one of the most successful and pleasant conventions they have held during the life of the organization and they will return to their homes with an inspiration for still greater accomplishments and with pleasant recollections of their sojourn in the "City by the Sea."

The convention reassembled at 10:30 o'clock yesterday morning, Mrs. Reilly presiding. The Committee on Rules and Regulations made their final report and the minutes of the previous sessions were read and approved.

Mrs. J. C. Hollister, of Newbern, read a report from the Peace Conference, perpared by Mrs. D. W. Ausley from notes furnished by Mrs. Hayne Davis. Mrs. Davis acted as proxy for Mrs. Ausley, who was prevented by illnes from attendance. The report was very complete and gave much information not usually contained in such papers. This feature was programmed for Wednesday forenoon, but the report was not ready until yesterday.

Mrs. Wade R. Brown, of Raleigh, read the report of Mrs. T. R. Pittman, chairman of the Committee on Publication, together with a letter from Miss Louisa Poppenhem, one of the editors of the Keystone. Mrs. Brown also read the statistical report from the manager of the Keystone, the official organ of the Federation. News from the North Carolina Federation has been presented in eight numbers during the year, but only a very few members are subscribers.

Mrs. Thos. Mastin, of Winslow-Salem, presented the report of Mrs. A. L. Coble, chairman of the State Charities Department. Mrs. Coble and her co-workers have labored earnestly for the establishment of the "Stonewall Jackson Training School" and rejoice in the appropriation granted by the recent Legislature. They ask for the assistance of all interested to make the movement a success. This report was followed by the reading of a letter from Mrs. W. H. S. Burgwyn, of the King's Daughters, and short talks from several club members on the subject of the training school. It was decided to send a delegate to attend the meeting of the King's Daughters at Henderson next week.

The report of Mrs. D. M. Ausley, chairman of the Village Improvement Department, was read by Mrs. F. D. Lathco, of Charlotte. Miss Isabella Swain, of Greensboro, chairman of the Art Department, presented her report in person, which showed much activity in artistic lines among the clubs.

Mrs. C. C. Hook, of Charlotte, chairman of the Music Committee, presented her report of the work the various clubs are doing throughout the State along musical lines. A large number of clubs devote some time during the year to this subject and show increased interest.

Mrs. G. W. Whitsett, of Greensboro, gave the report of the Reciprocity Department. In response to questions as to the meaning of "Reciprocity Day," a number of valuable suggestions as to methods of work in this department were brought out.

Mrs. R. R. Cotton, of Greenville, gave her report as chairman of the Child Study Department in the form of an interesting talk on the value of child study, urging its beneficient effect on the character of the women as well as on the child.

Dr. Della Dixon-Carroll, chairman of the Domestic Science Department, gave a suggestive report on the subject. This is a new department for the State Federation and her report dealt almost entirely with plans for the future. She recognizes the fact that women must cook, come what may, and whatever will enable her to do this work to the greatest advantage should be welcomed. She advocates the formation of Domestic Science Clubs in every town and hamlet in North Carolina, feeling this will do much to help in the way of solving the domestic problem.

Miss Mae Card, a graduate of the MacDonald Institute of Canada and organizer of Woman's Institutes in connection with the Farmers' Institutes being held throughout the State under the auspices of the State Agricultural Department, was introduced and presented a plea for more interest in the subject of Home Economics

TRAIN WRECKING.

Of all the murders the slaughter caused by the deliberate wrecking of a train by some fiend is probably the most horrible. It is, indeed, hard to conceive that we have in this country human beings who are such terrible criminals as to commit the monster crime of train wrecking, but numerous instances have recently been brought to light. Even now the authorities of the Pennsylvania Railroad have standing rewards of many thousands of dollars for wreckers who have caused the wreck of several trains in Pennsylvania in the past few months. The Washington Post properly characterizes this crime when it says:

"It seems to be true, as has sometimes been asserted, that there are epidemics of certain crimes, just as there are of diseases. Lately it has been train wrecking. There is no word or combination of words in any language anything like adequate to express the fiendish wickedness and cruelty of this crime. That human beings are capable of it almost makes one wish that the race had never come into existence, or might speedily become extinct. Nothing in the whole realm of suffering is more awful and heartrending than a serious railroad accident, with its invariable horrors of death and maiming, and that any one should deliberately cause one for motives of revenge or purposes of plunder seems incredible.

"Unfortunatly in the last few weeks it has been attempted repeatedly, and in spite of the greatest care and vigilance on the part of the roads seems to be increasing in frequency. The prospect of travel has become almost a nightmare from the constant recurrence of accidents growing out of carelessness, incompetence, or unavoidable causes. If to their inexcusably and alarmingly large number is to be added a considerable percentage of disaster attributable to deliberate wrecking and followed by robbery, travel will be enormously diminished. Pleasure there will certainly no longer be in it, and no one will undertake it except in cases of necessity."

Train wrecking, even the attempt, certainly ought to be a capital crime, but the Post goes even further than that and says: "Nothing can be bad enough for those who attempt to accomplish it, and it might have a salutary effect if every State legislature would provide that any one catching a man tampering with the rails on any line may tie him to the track and leave him there." Certainly, the punishment would not be too great.

PERNICIOUS POLITICAL ACTIVITY.

The Charlotte Observer, after ruminating over this subject delivers itself as follows:

"If those North Carolina Republican Federal office-holders whom the civil service commission is proceeding to investigate are guilty of pernicious activity because they used their feeble efforts against the Democrats in the last election, how about the activity of First Assistant Postmaster General Hitchcock, now touring the South to mark for slaughter all Federal office holders suspected of unwillingness to split their shirts for the nomination of an administration presidential candidate? How about it?"

We can stand for Hitchcock's perniciousness, because he was just simply going around among Southern Federal officeholders telling them as how the big stick could get busy with them if they show any signs of getting bumptious and acting like a lot of "conspirators." However, we have always drawn the line on the peculiar and perplexing perniciousness of President Roosevelt and Secretary Cortelyou in what they have done to us. Democrats.

We just published yesterday a Washington dispatch giving an interview with Hitchcock, who tried to explain that he came South on an "inspection tour," and was not sent as the emissary of President Roosevelt to feel the pulse of the Federal officeholders. He dropped his candy, however and nevertheless, by admitting that he did talk enough politics on his tour to find out that Southern "Republicans are in hearty accord with the Administration," and "they are Roosevelt men through and through." That is a confession that Hitchcock got pernicious and got to asking the boys questions that were pertinently personal. They knew exactly what kind of an answer he wanted, and they made a noise like men glued to the Roosevelt band-wagon, and were afraid to budge for fear their pants would give way in the wrong place.

Even if Hitchcock hasn't been "pernicious," Democratically speaking, he has added humor to a situation otherwise grave to men who are called "liars" and "conspirators." Hitchcock "inspected" the boys and gave them the Roosevelt password and they returned the Teddy grip.

Hitchcock makes us laugh.

THE BLOODHOUND VINDICATED.

We fear that the Charlotte Observer will have to "give in" and apologize to the slandered bloodhound, which The Observer has pursued relentlessly and often with inuendo, expressions of utter lack of faith, and even scorn. Right near Charlotte, says a dispatch from that city on last Wednesday, the negro barnburners who have been terrorizing a portion of Mecklenburg county, were chased and captured by bloodhounds. Thus the bloodhound gets vindication right under the nose of the Observer.

While all this is going on there comes a dispatch from Wytheville, Va., on last Tuesday that Jesse Brown, the little nephew of Deputy Sheriff R. E. Brown, with one of his uncle's bloodhounds, succeeded in running down the party who broke into and robbed Worley & Co.'s store, on Cripple Creek, Monday night. Sheriff Brown was absent when 'phoned to bring over his dogs, and this little fellow, about thirteen years of age, having one of the dogs at his house, took him over to the scene of the crime, struck a trail, and ran it to the thief's house and to the mountain, where he had carried the stolen goods; thence on to the creek, where the dog at once recognized his quarry, and had to be held to keep him from attacking. The stolen goods and all the money stolen except ten dollars was recovered.

There it is in fine shape, if any more evidence were needed to wring an apology from the Observer to the greatly wronged hound. Another instance, however, clinches the case for the bloodhound. Near Watha, Pender county, a little boy lost in the swamp and wandering around for miles, with no hope of getting out, was last Friday rescued by bloodhounds, which were placed on his track and soon restored him to his distracted parents.

The Observer should come across and give the bloodhound a "square deal" while everybody is assured that it is on tap whether he gets it or not.

CURRENT COMMENT.

—Any public man mentioned as a candidate to succeed Mr. Latimer in the United States Senate must be prepared to be "knocked" by the Anderson Mail.—Columbia Record.

—A Chicago clergyman asserts that the world nowadays is too light-hearted. He must think all this howling about the trusts and the high cost of living is merely a new way of showing our good humor.—Washington Post.

—"A clean Southern man running for the Presidency," says the Athens (Ga.) Banner, "would astonish the nation by the race he would run." And the nation would probably astonish the clean man by the amount of dirt it can throw.—Washington Post.

—ExSenator Chandler got up at a public meeting last week and defended the President against charges in connection with the campaign fund of 1904. This is heaping coals of fire on Mr. Roosevelt's head. But he will never apologize to Mr. Chandler, either.—Norfolk Landmark.

—The municipal campaign in Winston-Salem is going to close, it seems, without the display of any undue amount of feeling. The candidates and the city at large are to be congratulated upon the existence of such a condition of affairs.—Winston-Salem Sentinel.

—A Gadsden, Ala., dispatch telling of how a man named Dodson had killed his little child and tried to kill his wife, concludes with this sentence, doubtless by way of explanation: "He had recently been in Atlanta." That would seem to be sufficient to account for about any brain storm.—Savannah News.

—The action of the Florida Legislature in deciding to test the legality of the irregularly adopted fourteenth and fifteenth amendments to the Federal constitution by disfranchising the negro, as if no such amendments existed, has little significance beyond serving as an illustration of the fact that the performances of a Legislature are beyond prediction.—Charlotte Observer.

—A former follower of A. J. Dowie, who gathered in $20,000,000 by posing as Elijah III, said to me the other day: "It is a solemn fact that many of the fanatical believers expected the old fraud to be translated after the manner of Elijah I, who went to heaven in a whirlwind of fire in a chariot of fire drawn by horses of fire. Some of the older residents of Zion City are still sitting up nights awaiting the resurrection and ascent."—New York Press.

—Secret service men claim to have discovered a plot brewing by some of the anarchistic miners to assassinate President Roosevelt when he goes to Oyster Bay, this Summer. The plot is said to have been revealed by an anarchist who had become incensed at his treatment by the band and had turned informer. He told the secret service men that at various meetings of the anarchists he learned that the organization was directly concerned in the assassination of President McKinley. He also declared that the real assassin had not been caught; that the man who was executed merely died for Czolgosz and that the latter is still alive. The officers believe there is some truth in the story and are investigating it. Meantime, the informer ought to be taken in hand and cared for by the government.—Savannah News.

—The Democrats of Rockingham on Wednesday renominated Mayor W. N. Everett to succeed himself. The old board of town commissioners was also re-nominated.

—Charlotte, April 24: Three hundred men from all the lower sections of the county pere present this morning at the preliminary hearing of the ngroes, Will Jackson, Monk Jackson and Walter Pettus, charged with barn burning, and for a while there were those who expected trouble. The law abiding spirit, however, never for a moment lost control of the crowd. Tonight the negroes are safe in the county jail here. The men were tracked by bloodhounds last night at midnight, from the barn of Mr. S. M. Garrison, where a watch had been established for the night, but as the trail was the only evidence against the negroes of a direct nature the case against them may not be very strong. The barn burning business in the county has reached a state bordering on panic in parts of the county, and only Monday night the sixth barn in a comparatively short period went up in smoke. Other arrests may follow in a few days, as the people are thoroughly aroused.

ANOTHER WONDER OF SCIENCE

Herpicide has Proved that Dandruff is Caused by a Germ

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been afflicted with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was placed on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it sucks the vitality; causing itching scalp humors, falling hair, and finally baldness. With the dandruff germ killed, hair must grow luxuriantly for Herpicide is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 25.—The cotton market was more active today with business better distributed than for some weeks past and prices ruled generally steady to firm. Sales for the day were estimated at 22,000 bales and the close was steady at a net advance of 3 to 5 points. The opening was steady at an advance of 1 to 4 points in response to higher cables and big English spot sales. At first there was some little hesitation and irregularity owing to the favorable showing of the weather map so far as the day's conditions were concerned, but the outlook was for colder weather in the Southwest, receipts ran light, bullish weak-end figures were expected, the big bulls were supporting the near months which were also in demand from shorts and the market gradually rallied, with the advance accelerated around midday by fresh batches of bullish new crop reports from the South. During the afternoon prices sold up to a net advance of 6 to 9 points on the active months, making a new high record on all positions for the current bull movement, but there was enough realiizng and bear pressure to ease the market off a few points toward the close. Exports for the day were some six times the port receipts, but bears are predicting a slightly heavier movement weather permitting, between now and the end of the month. Southern spot markets were unchanged to 1-8c higher.

Receipts today, 7,985 bales against 12,192 last week and 7,425 last year, For the week 75,000 bales against 83,195 last week and 84,844 last year. Today's receipts at New Orleans, 3,120 bales against 1,445 last year and at Houston 1,018 bales against 1,118 last yeai.

Spot cotton closed steady; middling uplands, 11.30; middling gulf, 11.55; sales, 200 bales. Futures closed steady.

DRY GOODS MARKET.

By Wire to The Morning Star.

New York, April 25.—The dry goods market was steady and generally firm today. Sales of some wide cloths of printcloth yarn construction were made at 1-8c a yard decline and contracts for late delivery are selling at concessions of one cent a yard from spot prices for the same goods. In the jobbing houses an active trade is being done in cotton goods, principally wash goods for quick delivery. Raw silk is firm and it is reported in this market that spot supplies are exhausted. Duplicates of men's wear lines are coming forward slowly. The local retail trade for the day was better than it has been for some time past, due to the improved weather conditions.

THE RECORDER'S COURT.

Charlotte Chronicle's Comment—From The News and Observer.

The Charlotte Chronicle of Wednesday afternoon has the following in its editorial columns:

"The people of Wilmington are interested just now in the proposition for the establishment of a Recorder's Court. In the effort to get light on the workings of the court here, The Star applied to Recorder Shannonhouse, who wrote his views to that paper. It seems that the proposed court in Wilmington will have the enlarged jurisdiction that an effort was at one time made to secure for the Recorder's Court in Charlotte. In writing to The Star, Recorder Shannonhouse says: 'With the jurisdiction your court has, if the officer filling the position of Recorder desires to, it certainly ought to curtail expenses of your Superior Court in trying misdemeanors, save jail fees and save great loss of time on the part of parties and witnesses attending Superior Court. I feel sure such a court would save this county at least $5,000 a year.'"

Commenting upon the same report from Recorder Shannonhouse, the Raleigh News and Observer of yesterday says:

"The Wilmington Star quotes Recorder Shannonhouse as saying that if the Mecklenburg court had the same powers as have been given the Wilmington Recorder's Court, the county of Mecklenburg would save over five thousand dollars a year. There is need of reform in court costs and Recorder Shannonhouse is in a position to show the best methods to secure reduction."

and the introduction of this subject into the school curriculum of North Carolina. Miss Card also presented an outline of her work in the organization of Women's Institutes.

After the report of the committee in charge of revision of the constitution of the Federation had been made, the Federation adjourned for luncheon which was served in the convention building. The report of the committee embraced some radical changes in the rules which govern the association.

Afternoon Session.

At the afternoon session Miss Emma L. Bonney, a member of the North Carolina Sorosis at Wilmington and a teacher in the public schools of the city, addressed the Federation, making a plea for the placing of women on school boards. After the consideration of routine business the annual election of officers was entered upon with the following result:

President—Miss Margaret Lovell Gibson, of Wilmington.

First Vice-President—Mrs. Eugene Reilly, of Charlotte.

Second Vice-President—Miss Mary M. Petty, of Greensboro.

Recording Secretary—Miss Sallie Kirby, of Goldsboro.

Corresponding Secretary—Miss Mildred Watkins, of Henderson.

Treasurer—Mrs. Thomas Mastin, of Winston-Salem.

Auditor—Mrs. E. F. Reid, of Lenoir, N. C.

The Committee on Courtesies, represented by Mrs. T. J. Copeland, of Greensboro, read the following resolutions which were unanimously adopted:

"The North Carolina State Federation of Women's Clubs extends sincere thanks to the Masons of Wilmington for the use of their commodious Temple for our sessions; to those who, by the deft arrangement of our own North Carolina emblem (the pine) and other lovely greens, making our meeting place a perfect bower of beauty; also to express our thanks and appreciation to the North Carolina Society of Colonial Dames and Daughters of the American Revolution and individuality to Mrs. James Sprunt, their chairman, for the lovely roses that have adorned the speaker's desk and for the cordial invitation to the unveiling ceremonies which we regret we are unable to accept. We would that we could express in words the pleasure given us by your talented musicians on Wednesday evening in your city library, our pleasure enhanced by thus being privileged to see in concrete form some of the work of the North Carolina Sorosis. To Capt. Harper for the delightful sail, which meant especial pleasure to the "up country" members; to the press of Wilmington for courtesies and now to the ladies of Wilmington in general and to the members of the Sorosis in particular. We have been the recipients of so many kindnesses at your hands that we dare not attempt to put our thanks in words, 'thought limps after expression.' We remember with so much pleasure the lovely receptions, the elegant lunches, the delightful trips to the beach, the numberless kindnesses of our individual hostesses. Oh! We thank you. We love you. In the words of Tiny Tim: 'God Bless Us All.'

(Signed.)

"MRS. W. R. HOLLOWELL,
"MRS. ALICE J. FIELDS,
"MRS. T. J. COPELAND."

The convention adjourned early in the afternoon to meet next year in April in the Gate City of Greensboro, N. C. Several invitations were extended but it was finally decided to meet in the city named.

Immediately after adjournment the ladies of the Federation to the number of a hundred or more, including members of the North Carolina Sorosis, repaired to the Market street wharf of the steamer Wilmington, where they embarked on the pretty boat for a delightful harbor trip as the guests of Capt. Harper. A short run was made down the historic Cape Fear, and then returning to the city the visitors were taken for a short trip up the river toward Navassa. From the broad decks of the steamer an excellent view of the water front of the city was afforded and the guests were charmed with the affair.

Last night in the Masonic Temple ball room a delightful reception was given in the hall where the convention sessions were held. Invitations for the reception were issued in the city and a large number of Wilmington people of social prominence were given the opportunity of meeting the delegates. The newly elected and the retiring officers composed the receiving party which was one altogether charming. Music and dainty refreshments were delightful features of the function, which was one of the largest of the season.

A few of the delegates who have been in Wilmington attending the sessions of the convention returned to their homes on the evening trains yesterday, but the greater number will leave today. Still others will prolong their visit to the city as the guests of relatives and friends. It has been a great pleasure for Wilmington to entertain so distinguished a body of the women of North Carolina and the North Carolina Sorosis is due the thanks of the community for entertaining the visitors so handsomely.

GRUESOME RELIC OF MURDER.

New York Jury Handles Bullet With Which Woman Killed Man.

(By Wire to the Morning Star.)

New York, April 25.—The bullet that killed Gustav Simon, the shirtwaist manufacturer, who was shot to death in his factorw in Broadway last November, was exhibited in court today where Mrs. Anisia DeMassey is on trial charged with having taken his life.

While the deadly missile was passed from hand to hand by the jurymen she sat chatting with her counsel and from time to time making notes in a memorandum book.

Mrs. Anna Pilonza, who had worked with the defendant in Simon's factory, said that when Simon, after he was shot, was being removed from his office to the elevator, she heard a policeman, pointing to Mrs. DeMassey, ask if that was the woman that fired the shots. "Yes," said Simon, "this is the woman. Madame DeMassey shot me."

On motion of counsel for the defense, and with the consent of the prosecution, the statement of the witness that she heard Simon declare the shots were fired by the defendant was stricken from the record. From another witness, Elizabeth Veronica Hale, who was employed by Simon's company as a designed, however, the prosecution got about the same testimony. Miss Hale said she was in the office when Mrs. DeMassey was brought in by a policeman after the shooting. "What was done with the defendant when she was brought in?" asked Mr. Ely.

"The officer took her before Mr. Simon and asked him if this was the woman who had shot him," replied the witness.

"What did Mr. Simon say?"

"Yes, that is the woman that shot me, take her away; take her away."

"Did Mrs. DeMassey say anything?"

"She smiled and said, 'I did'nt shoot him.'"

The court adjourned.

KIDNAPER OF BOY CAPTURED.

Little Fellow Six Years Old Picked Him Out.

(By Wire to the Morning Star.)

New York, April 25.—After a search extending over three months, detectives today arrested Ignazio di Leonardo and his wife on a charge of kidnaping. Leonardo was taken into custody in the yard of a Brooklyn tenement house after he had jumped through a second-story window in an attempt to escape while the police were forcing the door of his room. He landed in the arms of a detectives when he jumped.

Leonardo is charged with having kidnaped the six-year-old son of Salvatore Saitti, a wealthy Harlem Italian. The little fellow was stolen while on his way to school and afterward the father received a number of letters declaring that the boy would be mutilated and then killed if $1,000 was not forthcoming. Three weeks from the time the boy was stolen he was found wandering alone on Park Row by the police.

It was the belief of the police that Saitti had paid the money demanded by the kidnapers and that the latter had returned the boy. Saitti would not admit this.

At police headquarters the Saitti boy picked Leonardo out of a line of thirty prisoners.

"That's him," the little fellow said as he walked up to Leonardo. "That's the man that stole me."

Leonardo declared in court today that he had been very friendly with Saitti and that the boy came to his home voluntarily and paid him a friendly visit. Di Leonardo was held for further examination.

LOEB TO HEAD CORPORATION.

Roosevelt's Private Secretary in New Washington Deal.

(By Wire to the Morning Star.)

Washington, April 25.—An important change in the control of the Washington Railway and Electric Company, of this city, will occur at the annual meeting next January. It became known today that a number of local capitalists had purchased a majority of the stock. Simultaneously with this announcement, it was rumored that William Loeb, Jr., secretary to the President, had been determined upon as the president of the corporation. The fact that the purchase had been made did not become public until after Mr. Loeb had departed on the Mayflower with the President for the Jamestown Exposition, and, therefore, the report of his connection with the company could not be confirmed inasmuch as the brokerage firm which negotiated the purchase of the stock were mute on the subject of who the purchasers were or whether they were committed to Mr. Loeb.

A similar rumor regarding Mr. Loeb's affiliation with the company has been in circulation for several months, but not until today did it take definite shape.

Former Representative McDermott, of New Jersey, is now president of the company, which heretofore has been owned largely by New York, New Jersey and Philadelphia capitalists.

COTTON TIES ARE ADVANCED.

Steel Trust Squeezes South for Huge Amount.

(By Wire to the Morning Star.)

Pittsburg, April 25.—The cotton tie market was opened today by the United States Steel Corporation and prices were advanced 10 cents a bundle. There are 2,500,000 bundles of cotton ties for shipment from this city to the South. Last year the price per bundle was 85 ceits. The advance which affects the entire Southern cotton-growing communities came as a surprise. It is estimated by the steel corporation that the cotton crop will be 20 per cent. larger than that of last year.

Mr. Eubanks says that officers and members of the union were invited to attend the conference, but on learning the details of the plan refused to endorse it.

LOVING-ESTES TRAGEDY.

Governor Swanson's Brother Defends Young Man's Character.

(By Wire to the Morning Star.)

Lynchburg, Va., April 25.—No new developments have appeared in the case of Judge Loving, who shot and killed Theodore Estes at Oak Ridge on Monday for the alleged assault of Estes on the jurist's daughter on the previous night, except for a statement from John M. Swanson, a brother-in-law of Estes, and a brother of Governor Swanson, of this State. Swanson verified the statement made by Shipman last night and he added that Dr. Strother, who was said to have discovered the assault, has denied making such an examination, and that further Miss Loving never told her father she had been assaulted. Both sides are keeping quiet otherwise.

FOUR POISONED BY COCAINE.

Jury at Danville Returned Verdict Over Negro Bodies.

(By Wire to the Morning Star.)

Danville, Va., April 25.—The coroner's jury investigating the deaths of four negroes found dead in the servants' room at the residence of Rev. W. H. Atwill, Tuesday, returned a verdict that they came to their death as the result of drinking corn whiskey which had been poisoned with cocaine and placed there by unknown parties. The efforts of the police to locate George Moore, alias Sam Moore, husband of Ada Moore who was killed, have proved futile so far. The night before the tragedy Moore gave his wife a pint of whiskey.

DEFALCATION FOR $92,000.

Big Concern in Philadelphia Robbed by Officials.

Woonsocket, R. I., April 25.—A shortage of about $92,000 in the accounts of the Woonsocket Electric Machine and Power Company was revealed today by the issuance to the stockholders of the company of a circular letter announcing that a heavy shortage had been discovered. The letter, which was issued by order of the directors, further stated that the resignation of Levi Cook Lincoln, secretary-treasurer and general manager of the company, had been accepted.

Peculiar Light Giving Animals.

A peculiar light giving animal found in southern Californian waters is the heteropod. The heteropods, dazzling white and almost shapeless, can often be seen floating on the clear water. Their bodies are almost transparent, and they have in addition to a long tail a powerful sucker, by which they cling to seaweed. When these creatures are irritated they seem to emit a light from all over the body, though one writer describes one in which the light—red in this case—seemed to radiate from the center of the animal. Of all the light giving animals the salpa is said to be the most wonderful. Like the heteropod, this animal is provided with claspers that enable it to fasten to seaweed and rocks. So plentiful are they in Californian waters that the Santa Catalina channel, which is from eighteen to twenty miles wide and about forty-five miles long, is at times literally covered with them as far as the eye can reach. Covering the entire surface and gleaming like gems in the sunlight, they present a beautiful picture. These animals constitute a delicacy much sought for by whales. Some of them shed a silvery light, while others yield blue and others red light.

Rivers That Flow Backward.

Near Argostoli, a town on one of the Greek islands, four little torrents of sea water, rolling on an average fifty-five gallons a second, penetrate into the fissures of the cliffs, flow rapidly inland and finally gradually disappear into the crevices of the soil. Two of these water courses are sufficiently powerful to turn all the year round the wheels of two mills constructed by an enterprising Englishman. This seems at first sight absurd on the face of it, but it is quite easily explained. The hills of the island are of soft, calcareous rock, full of fissures, and suck up water like immense sponges. In consequence the pools in their subterranean caverns are always lower than the surrounding sea, so to restore the balance these little brooks, fed by the waves, are always descending inland. The curious yet natural result of the constant evaporation of the sea water is that gigantic masses of salt crystals are constantly forming in the caves.—Strand Magazine.

Straw Rope Swings.

Korea is perhaps the oldest country in the world, and the customs and actions that go to make up the daily life of the people are not at all governed by the logic or tradition which moves us on our enlightened way. They have no clearly regulated sports, nothing apparently that could be likened to a national game. They pass most of their recreation hours swinging in straw rope swings and seem entirely happy in the sport. The straw rope, if well made, is extremely durable and can stand considerable weight, as may be judged when three ablebodied young men impose their weight upon the swing, standing on the shoulders of one another after the manner of acrobats. It may be very fine pastime, but the average American, it is safe to say, would find in it very little appeal.

The Doubt.

DELICATE CHILDREN

Advice to Wilmington Mothers Who Have Delicate Children.

If we could only make all fathers and mothers in Wilmington regard what we say there would be fewer sickly, delicate children on our streets.

Rapidly growing children need a great deal of vitality. They grow fast play hard, and work too hard at school, and many such children are tired, thin, pale and worn when they ought to be robust and rosy.

Every run-down, growing child in Fall River should take Vinol, our delicious cod liver preparation without oil. It requires almost no digestion at all and cannot upset delicate, weakened stomachs as do old-fashioned cod liver oil and emulsions. Vinol also contains peptonate of iron.

It strengthens the digestive organs, makes new vitality, sound flesh and muscle tissue, strong bone structure and pure, rich, red blood. Vinol fills out hollow cheeks and makes thin little arms and legs plump and round.

Said Mr. Robert R. Bellamy, our local druggist: "We cannot recommend Vinol too highly for puny, weak and ailing children, to build up the run-down, over-worked, tired and debilitated, or to give renewed vitality to the aged, and we cheerfully refund the money in every case where it fails." Robert R. Bellamy, Druggist.

NOTE:—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

SPIRITS TURPENTINE

—Elizabeth City, April 24: Mr. H. Clay Tunis received a letter toady from President Hotchkiss, of the Dare Lumber Company, of New York, announcing that the company will proceed immediately to erect their mills in Elizabeth City. The mills will be of the capacity of 150,000 feet of lumber a day and will employ over 300 hands. The company owns 167,000 acres of timber land in Dare county. This land has been in litigation for twenty years. A few days ago the Dare Lumber Company established its title.

—Asheville, April 24: The remains of a new-born babe with its head crushed in were found in a pine thicket in West Asheville late yesterday afternoon and the sheriff's office notified. Deputy Sheriff Penland in company with Coroner Morris went to the scene. An inquest was held and the coroner's jury brought in a verdict to the effect that the chil dunknown had been murdered by a person or persons unknown. There is no clue to the crime. The child had been dead probably ten days when discovered and was considerably discolored. Its long hair, however, indicated to the coroner that the babe was of white parentage.

—Mount Olive Tribune: The first shipment of strawberries were made from Mount Olive Monday of the week —two crates by Mr. J. O. Joyner, one crate by Mr. J. A. Westbrook, and one and a half crates by Mr. J. D. Aaron. Mr. Aaron's berries were purchased by Mr. DuB. English at $5 per crate, and Mr. Joyner's by Mr. W. F. English at $4.50 per crate. Strawberries will not be shipped in carload lots from Mount Olive before Monday of the coming week, when there will perhaps be not more than one carload. By the latter part of next week the shipping season will be "in full swing." The recent April showers have benefited the crop, and the berries are beginning to ripen rapidly.

—Raleigh News and Observer, April 25: A letter from Mr. J. D. Pearson, a merchant of Chalybeats Springs, Harnette county, received by a gentleman in this city yesterday states that there was a cyclone in the vicinity of that place Tuesday afternoon that swept the timber in its path through the forest and blew down several houses. It states that no person was hurt. Reports by others here yesterday from that section were to the same effect. There was a destructive wind in the neighborhod of Chalk Level, Mr. Fred Arnold's home being badly ramsacked. Persons in the city yesterday from Panther Branch township, Wake county, reported a heavy wind storm in that section Tuesday afternoon. Two chimneys to houses belonging to Mrs. Bettie Williams were blown down and also a blacksmith shop on the farm of Dr. N. M. Blalock. No one was reported injured.

—Louisburg, April 24: The civil docket of Superior Court, now in session, is being tried this week. Judge Biggs is presiding and is much complimented by the bar and public. Yesterday was the day set for the hearing in lunacy of J. W. Pulley, the assassin of W. H. Perry. Mr. Perry was brutally murdered while sitting in his store door at a small place on the border of Wake and Franklin. Threats had been made beforehand and the evidence, if reports are to be believed, is conclusive that it is a case of murder in the first degree. Pulley refuses to speak a word to anyone and has made an attempt to commit suicide by cutting his throat. The jury decided that he was now insane and Judge Biggs ordered that he be confined in the State Hospital for the criminal insane at Raleigh until such time as he should be fit to stand trial when the sheriff is instructed to bring him back here for that purpose.

—Mount Olive Tribune: President J. M. Rhodes, of Littleton College, has recently made a visit to his mother, near our city, and while there preached at Rhodes' school house and Rones' Chapel, and at both places made a proposition to the people in which the people of Wayne and Duplin counties should be greatly interested. It was this: that if the people of these two counties would raise $10,000 for buildings and equipments, he would donate his part of his father's estate as the location for an industrial school for boys, where any boy can secure an education whether he has any money or not. He also stated that he thought he could secure and have donated another share of his father's estate, which would make nearly 200 acres of land on which to build the school. Such an institution would be a great blessing to the counties of Wayne and Duplin, and we think the offer opens up to the people of the two counties a great opportunity.

PATHETIC SCENE IN COURT.

Battle Scarred eVterans of Onslow County Reconciled By Judge Long.

(Special to Charlotte Observer.)

Jacksonville, April 24.—The Spring term of the Superior Court is now being held here, Judge B. F. Long, presiding. Business is being despatched with His Honor's accustomed brevity and even-handed justice. Judge Long has made a fine impression upon the people of Onslow.

After a lucid and comprehensive charge to the grand jury, a considerable amount of court business was despatched today. Among other things of interest, one of the most touching events transpired today, in the court room that, perhaps, one would not witness again in a lifetime at the bar.

When the case of State vs. T. J. Capps was called, there came forward an old man, plainly dressed, white hair and flowing beard, but in bearing every inch a man in the person of the defendant. The defendant's counsel not being present, the professional services of Frank Thompson and E. M. Koonce, of the local bar was proffered him by these gentlemen, and being accepted, the trial proceeded. The charge was assault and battery upon one M. P. Russ. The latter being the State's only witness, he bearing the marks of old age, but yet vigorous, came upon the stand and told how he and his old neighbor had had a falling out and came to blows. The State rested its case, and the defendant went upon the stand and gave his version of the fight, which was substantially as told by the prosecuting witness. In his charge his honor told the jury if they believed the evidence beyond a reasonable doubt, or if they believed the evidence of the defendant, they should find their verdict guilty, which was promptly done by the jury. Then came the climax.

The judge called both of the old men up in front of him within the bar, and speaking to the defendant, said: "You are an old soldier, perhaps?" "Yes," said he, "I am 64 years old; I was a member of the Third North Carolina State troops during the Civil war; I was at the battle of Chancellosville; I remember the charge made on that memorable day."

"My brother," said Judge Long, "was killed in that charge."

"Yes," said the veteran, his eye kindling as he seemed to live over again the events of that terrible onslaught.

"Yes," I remember the young soldier falling with the battle flag in his hands at the foot of the enemy's breastworks, which we immediately captured. I was one of the soldiers that bore the body of the wounded Stonewall Jackson off the field, where he was shot down by the mistake of his own troops."

"Were you in the war?" asked the judge of the prosecuting witness. The veteran stood at "attention," and proudly replied:

"I was a member of the old Eighteenth Regiment."

"How old are you?" asked His Honor.

"I am 77 years old," said he.

Judge Long then, with voice tremulous with emotion, said:

"Veterans, the war is over. You should not fight each other. One in this case is just as guilty as the other. Only one, however, is indicted." Turning to the defendant, Judge Long said: "I shall suspend no judgment over you. When you leave this world to join your comrades on the other side, not at my hands shall a suspended judgment be on the records of this court against you." Then looking the veteran kindly in the eye, he continued: "Won't you veterans shake hands and be friends?"

For a moment, like two old prime game cocks, they faced each other; but for a moment only; the spirit of reconciliation set in motion by the kindly words of the judge, spread over and wreathed those old, old battle-scarred, wrinkled faces; the smile of reconciliation of comradeship and brotherhood; in pathos of deep silence, and with a mighty hand grasp, those old battle-scarred heroes stood looking in the faces of each other, while tears trickled down the cheeks of the immense throng that crowded the court room.

BOY FOUND BY BLOODHOUNDS.

Little Son of Mr. J. A. Rivenbark, of Pender County, Lost in Swamp.

(Pender Chronicle, April 24.)

A son of Mr. J. A. Rivenbark, who lives about two miles west of Watha, went in the woods with two older boys, last Friday afternoon to hunt cows. At some point, the two older boys stopped and sent the little fellow, who was only about 8 years old, across a bay to look for the cattle, and after waiting for a reasonable length of time without his returning, they called repeatedly without any reply. It being near nightfall, they began to be afraid and went home and after the two boys got home they hesitated before telling the news of the younger boy being lost in the woods, but as soon as it was known, the whole neighborhood was soon alarmed and all turned out as a great army, scouring the woods for the lost boy. After a diligent hunt without success, it was decided to come to Burgaw, for Mr. J. V. Rivenbark and his bloodhounds—this was done. Mr. Rivenbark arrived on the scene with his dogs about 4:30 in the morning. He soon had them on the boy's trail and at about 7 o'clock in the morning they came upon the little fellow just as he was making his way out of another bay. He was about eight miles from where he left the boys the night before. He was cold, barefooted and in his shirt sleeves. There were great shouts of gladness, and rejoicing among men, women and children when the little fellow was found alive and safe. This one service is worth many times the price of a pair of dogs.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by R. R. Bellamy, druggist. 50c.

THE EXPOSITION AT JAMESTOWN

To-Day Inaugurates Celebration First Permanent Settlement of of English In America.

ROOSEVELT GUEST OF HONOR

President of United States Will Start Off Great World's Fair and Naval Display—Exposition Will Be Complete May 15.

(By Wire to The Morning Star.)

Norfolk, Va., April 25.—With President Roosevelt as the guest of honor, and with diplomatic and military officials from all of the more important nations of the world in attendance, the Jamestown Ter-Centennial Exposition will be thrown open to the public tomorrow. Every steamer and every train reaching Norfolk tonight brought thousands of visitors. The city is decorated as seldom before and the Governor of Virginia has proclaimed tomorrow a holiday in this vicinity. Fair and cool weather is predicted, and as the details of the programme of land and water ceremonies have all been carefully worked out, the Exposition management is looking forward to the opening tomorrow as forming a notable epoch in the history of tidewater Virginia.

President Roosevelt, who left Washington this afternoon on board the Mayflower, is expected to arrive off Fort Monroe tomorrow morning shortly after 8 o'clock. He will immediately proceed to review the magnificent fleet of foreign and American warships now at anchor in Hampton Roads. This imposing ceremony and a brief reception to the flag officers on board the Mayflower ended, the President will set out for the shore, landing on the Exposition grounds at 11 o'clock. He will be driven at once to the reviewing stand on Lee Parade—a magnificent drill ground skirted by blossoming apple trees—and will there deliver the opening and dedicatory address of the Exposition. President Roosevelt will conclude by pressing a gold button as a signal for the formal opening of all the finished departments of the enterprise.

The President and his immediate party will then receive several hundrd invited guests in the auditorium building, and after this function will be entertained at luncheon. He will return to the reviewing stand during the afternoon to witness the land parade of soldiers and sailors, several companies of he latter being landed from the foreign vessels. This will conclude the opening ceremonies.

Today witnessed the arrival of the most formidable of the visiting warship squadrons. The Austrian ships Sankt Georg and Aspern, and the British cruiser squadron, composed of the Good Hope, the Argyll, the Hampshire, and the Roxburgh, passed in the capes within a few hours of each other. With saluting cannon and dipping flags they cruised slowly up Hampton Roads to the positions assigned them on the naval rendezvous grounds. The flagship Connecticut, of the American fleet, exchanged salutes with the Sankt Georg and the Good Hape,, and later Admiral Sif George Neville, of the British squadron and Commodore Hermann Plescott, of the Austrian squadron, put out in small boats to visit Rear Admiral Robley D. Evans on the Connecticut. They were warmly welcomed, and had hardly gone over the side to return to their own flagship when the American commander was in his launch returning the official call of courtesy.

With dull gray sides and smoky black funnels, the visiting ships were sharply marked in contrast to the American ships resplendent in new coats of immaculate white paint. The arrival of the Britons and Austrians who had been preceded two days by the German squadron, and the Argentine ship Sarmiento, lent immeasurably to the attractiveness of the naval display arranged for the opening days of the Exposition, and will make of tomorrow's review the notable event of the inaugural ceremonies.

The steamer Jamestown from Washington, bearing the Congressional delegation to the Exposition, arrived at Old Point Comfort tonight. The steamer Newport News, with the diplomatists and naval and military attaches of the foreign embassies and legations on board, will arrive early tomorrow morning and disembark her distinguished passengers at the xposition grounds. The governors of a number of States, accompanied by their military staffs arrived today. Many of them were tonight the guests of the Governor of Virginia and Mrs. Swanson, at a reception given in the Virginia State Building at the Exposition.

COTTON MANUFACTURERS.

Co-operation With Growers Favored at Boston Meeting.

(By Wire to the Morning Star.)

Boston, Mass., April 25.—William D. Hartshorne, of Lawrence, was chosen president of the National Association of Cotton Manufacturers at the closing session of the convention in Huntington Hall today. Mr. Hartshorne is agent of the Arlington mills.

Charles T. Plunkett, of Adams, and George Otis Draper, of Hopedale, were elected vice-presidnts, and among the directors elected were William Loftus, of Nwark, N. J., and Henry F. Mansfield, of Utica, N. Y., for three years.

Eighty-eight new names were accepted for membership and resolutions were adopted opposing the taxation of college property, in favor of co-operation with the growers, to bring the present railroad causes relative to the shipment and transportation of cotton to the attention of the Interstate Commerce Commission, and indorsing the proposed international conference at Atlanta in the Fall.

PRESIDENT OFF FOR JAMESTOWN

Left Washington Yesterday on Yacht Mayflower Amid Booming of Cannon

OPENS EXPOSITION TO-DAY

Mr. Roosevelt Will Arrive in Hampton Roads This Morning and Pass Through Line of Assembled Warships—Today's Program.

(By Wire to the Morning Star.)

Washington, April 25.—President Roosevelt, members of his family and a party of friends left the Washington navy yard at 3:10 o'clock this afternoon aboard the yacht Mayflower for a visit to the Jamestown Exposition. They are to return Sunday morning. On Saturday the President and Mrs. Roosevelt are to make a trip up the James river on the dispatch boat Sylph.

The Congressional party comprising a joint committee of the Senate and the House and their families preceded th Presidential party this morning. Secretary and Mrs. Metcalf and others left earlier in the forenoon on the United States steamer Dolphin, and the diplomatic crops, whose members are to be the guests of the Jamestown Tercentennial Commission, followed tonight.

The President's party was made up of Mrs. Roosevelt, Miss Roosevelt, Masters Archie and Quentin Roosevelt, Justice Moody of the Supreme Court, Secretary Loeb, Assistant Secretary Bacon and Mrs. Bacon, Assistant Secretary Latta, Mrs. Ralph Cross Johnson, Captain Lee, one of the President's military aides; Captain Key, one of the President's naval aides; Lieutenant Commander Long and Dr. Ohnesorg, U. S. N.

The President and Mrs. Roosevelt, with their children, reached the yard about 3 o'clock and were met by Commandant Leutze and Captain Long of the Mayflower. It took but a very few minutes for the vessel to be loosed from her moorings and the President and his guests standing on the after starboard side of the ship, waved a good-bye to the crowd. As the ship pulled out a Presidential salute of twenty-one guns announced the President's departure.

While the arrangements were being made for the vessel's departure, the crowd, among whom were a number of children, surged near the ropes which held her, notwithstanding the warnings of the officers. The President showed deep concern for their safety and advancing to the rail of the vessel, admonished the children to keep back.

The President will take an important part in the opening of the exposition and the exercises incidental thereto which are to begin soon after he arrives at Hampton Roads tomorrow. In the morning there is to be the review of the assembled men of war and the reception of the flag officers and commanding officers of the foreign ships. At half past ten the President is to leave the Mayflower and is to be met at the end of the government pier by the officers of the position and a military escort and will be saluted by the United States artillery stationed on the exposition grounds. An hour later he is to go to the review on Lee's Parade, in the rear of the Auditorium building, where a programme of exercises, including the addresses of President Tucker, of the Exposition Company, and of President Roosevelt and the pressing of the gold button opening the exposition are to take place.

In the afternoon there is to be lunch to the President and his party in the Auditorium building, review of a parade of the soldiers and sailors and the national guard, and a reception to the President by the officers and directors of the Jamestown Exposition Company, after which, at 5 P. M., the President's return to the Mayflower. In the evening at 8 o'clock the President and Mrs. Roosevelt are to dine with President Tucker in Norfolk.

Saturday will be a day of comparative rest for the President, he and Mrs. Roosevelt taking a trip up the James river on the dispatch boat Sylph, returning to Hampton Roads in time to board the Mayflower so as to start for Washington about 7 o'clock in the evening. The Mayflower is scheduled to reach Washington Sunady morning about 10 o'clock. During the afternoon the dispatch boat Sylph left the navy yard for Hampton Roads.

Secretary of the Treasury and Mrs. Cortelyou, Assistant Secretary of War Oliver, Mrs. Oliver and the Misses Oliver, Secretary of the Interior James R. Garfield and Mrs. Garfield, Secretary of Commerce and Labor Straus and Mrs. Straus, Assistant Secretary of the Treasury Winthrop and Mrs. Winthrop, Gen. Bell, chief of the staff of the army, and Mrs. Bell, Assistant Secretary of State Wilson and Mrsfl Wilson, and substantially all the members of the diplomatic corps in the city, left Washington this evening on the steamer Newport News. They will arrive in Norfolk tomorrow.

A HORRIBLE FIND.

Porter Unknowingly Threw Out Package Containing Dead Negro.

Wilson, April 24.—Between Wilson and Tarboro a porter on the Coast Line train observed a package behind a stove. Picking same up and noticing the bad odor, the porter threw same out of the window without examination. A man on the country road picked up the package and on unwrapping it discovered a dead infant negro baby, presumably placed on the train in Wilmington.

PENROSE MUM ABOUT CONSPIRACY

Pennsylvania Senator Called at White House Yesterday to Chat Roosevelt.

HE PEACHED ON RICH MEN

Said to Have Been at Famous Dinner and Informed President—Senator Bourne, Who Gave Dinner, Visits Roosevelt.

(By Wire to the Morning Star.)

Washington, April 25.—Senator Penrose, of Pennsylvania, whose name has been freely mentioned in connection with the giving away at a dinner of the details of an alleged conspiracy against President Roosevelt, was a visitor at the White House today. This is Senator Penrose's first visit to the White House since the publication of the story which he denied a day or two afterward.

When the Senator came out he was immediately surrounded by a group of newspaper men. The Senator was not at all communicative and declared again and again he had nothing to say of any consequence.

"What was the object of your visit, Senator?"

"It was purely social. I had a very nice visit."

"Did you explain to the President why the Pennsylvania Legislature refused to endorse him for a third term?"

"I did not."

"What do you think of the third term proposition?"

"Don't think."

While Senator Penrose was at the executive offices, Senator Jonathan Bourne, of Oregon, came in. He went direct to Secretary Loeb's office. Senator Bourne, it has been commonly reported, was the host at the dinner at which the details of the so-called conspiracy against the President were said to have been given out. Senator Bourne saw the President after Mr. Penrose had left. He declared, however, that there had not been any conference between the President, Senator Penrose and himself, and that he had not seen Mr. Penrose during his visit to the White House.

Later President Roosevelt discussed national politics and some of the business of the Republican National Committee with its acting chairman, Harry S. New, who remained with the President some time. With the newspaper men, Mr. New would not talk politics.

Representative Burton, of Ohio, who accompanied Secretary Taft on his recent trip to the Panama Canal and the West Indies, talked with the President for some time today. Mr. Burton scouted the suggestion that politics were considered.

CENTRAL AMERICAN PEACE.

Treaty Between Nicaragua and Salvador—Revolution Nipped in Bud.

(By Wire to the Morning Star.)

Washington, April 25.—Details of the treaty of peace and amity between Nicaragua and Salvador, which was signed at Amapala on Tuesday last, were received at the State Department today through a cable from Philip Brown, charge of the American legation at Guatemala. The treaty is similar to that entered into a year ago and known as the Marblehead pact and it includes a provision for a general Central American peace congress to be held in Nicaragua in the near future and a special commercial treaty between Nicaragua and Salvador.

It is the expectation of the officials here that as a result of the coming conference about to be held there will be no further disturbances in Central America, at least for many years to com.

The news of the siganture of the treaty of Tuesday was received here with the greatest satisfaction by the whole Central American diplomatic contingent, who today called at the State Department to express their gratification at the outcome.

San Salvador, April 25.—A revolutionary plot, headed by General Potenciane Escalon and an American citizen named George Noisant was discovered April 23 at Sonsonate, fifty miles from this city. Escalon fled but Noisant and others implicated were arrested. Escalon's plan was to surprise the troops at Sonsolite in the southwestern part of the republic of Salvador and capture the arms stored there.
